

The Age - Ultimate Story

...as continued by Harry (grade 2)

Panda had driven into a NO BIG TRUCK ZONE. Then Panda drove through a fruit shop. He caught some gajobi berries and put them in his mouth. "No Panda", I said. But it was too late.

Panda smashed through the roof! SMASH! Panda was the size of a huge robot! "I will destroy the world", said Panda as he used a skyscraper to scratch his back.

Suddenly April arrived at the scene. "Hia Ya!", she said as she kicked Panda.

"Ha, ha", laughed Panda, "That didn't hurt".

"Hia Ya!", shouted April. Panda got knocked to the ground. He was knocked out. There was a huge cloud of smoke.

"Wow!" I say.

"Ha, ha", laughs April.
