Year 3/4 Newsletter Item

This term, students have been exploring a range of skills across Reading, Writing, Mathematics and Wellbeing.

Persuasive Reading and Writing

In English, students have been learning how persuasive texts work. They've been identifying techniques such as emotive language, strong arguments including facts that support our opinions and rhetorical questions. They have then been trying these out in their own writing. It's been great to see students confidently sharing their opinions and supporting them with clear reasons.

Mathematics: Place Value

In Mathematics, our focus has been on strengthening place value understanding. Students have been using hands-on materials and number representations to explore how digits change value depending on their position. This foundation supports all future number work.

Name	Make and draw	Structure of the number	Record
8,685		8 thosands 6 hundred 8 tens 5 ones	Th h T O 8 6 8 5
3,598		3 thosand 5 hundred 9 Tens 8 ones	Th h T O 3 5 9 8
2205		2 Thosands 2 hondrid 0 Tens 5 ones	Th h T O 2 2 0 5
1,097		1 thosand 0 hundred 9 & Tens 7 ones	Th h T O 1 0 9 7
