

14th October 2024

Dear parent / guardian,

Kensington Primary School is looking forward to another great year of teaching and learning and would like to advise you of Kensington Primary School 's voluntary financial contributions for 2025.

Schools provide students with free instruction to fulfil the standard Victorian curriculum and we want to assure you that all contributions are voluntary. Nevertheless, the ongoing support of our families ensures that our school can offer the best possible education and support for our students.

The environment and resources that we enjoy today represent the contributions made by our parent/carer community over many years. Parent/carers voluntary contributions make a significant difference to the quality of our programs.

This financial support ensures that we can continue to provide the excellent range of facilities and resources for your children. Your support in 2024 allowed us to:

- provide high quality programs and specific subject materials and equipment for English, Mathematics, Science, Art, Big Question, PE, Spanish and Performing Arts
- maintain and develop the school grounds
- ensure the upkeep of our computer devices to enhance learning opportunities. Replacing interactive whiteboards with modern screens
- maintain a variety of engaging class sets of books for students to develop their reading skills
- provide hands on maths equipment i.e. counters, calculators, applied maths equipment
- deliver a range of sporting equipment
- arrange for individual student supplies and class bulk supplies
- offer effective first aid for all students.

We want to thank you for all you support, whether that is through fundraising or volunteering your time.

Please find below Kensington Primary Schools voluntary financial contributions schedule for 2025, which includes an overview of what your contributions will enable the school to purchase for our students.

For further information on the Department's Parent Payments Policy please see a one-page overview attached.

Yours sincerely,

Bridget McLaughlin

Since 2015, financial support has led to considerable improvements being carried out across our school campus.

Money from the Building Fund has allowed us to accomplish the following:

- As part of the Cooling Project, block out blinds were also installed in all classrooms and in other rooms of the school
