Volunteer Occupational Health and Safety (OHS) Induction Handbook

Introduction

To comply with the requirements of the Victorian Occupational Health and Safety (OHS) Act 2004 and the Victorian OHS Regulations 2017 the Department of Education and Training (the Department) has implemented an OHS Management System (OHSMS) in all Victorian Government schools.

The OHSMS requires all volunteers to:

- report to the general office or designated site contact upon arrival at site
- complete an OHS induction using the Volunteer OHS Induction Checklist
- sign in/out and ensure their visitors pass is worn at all times whilst on Department or other premises
- have a current Working with Children Check, where applicable.

Health Safety and Wellbeing Policy

Health, Safety and Wellbeing Policy

Education
and Training

Scope: This Policy applies to all employees, visitors, volunteers and contractors in Department of Education and Training (DET) workplaces and activities, and instances when performing work offsite. The Department commits, so far as reasonably practicable, to:

Management Commitment 	Support and value its people and recognise a legal and moral commitment to building a positive workplace culture, ensuring healthy and safe working and learning environments by: - providing and integrating a robust and credible, Occupational Health and Safety (OHS) Management System that aligns with legislative requirements and the Department's strategic direction and operations - providing and maintaining inclusive workplaces that mitigate risks to physical and psychological health and safety - outlining expectations and accountabilities, and empowering leaders and employees to play an active role in maintaining healthy and safe workplaces - embedding and promoting a culture of shared responsiveness, willingness, and ownership, relating to reporting, and addressing health, safety and wellbeing risks - providing and applying a robust injury management framework to foster and build a strong culture of early intervention, rehabilitation and return to work.
Consultation Commitment 	Consult, collaborate, and communicate with employees including health and safety representatives on: - identifying hazards, assessing risks, and making decisions about the measures to control risks to health and safety and proposed changes to the workplace that may affect the health, safety, and wellbeing of persons - health, safety, and wellbeing issue resolution - provision of health, safety and wellbeing information, training, instruction, and supervision - the importance of giving employees a reasonable timeframe to express their views and concerns and that these are taken into account when making decisions that may affect their health, safety and wellbeing - flexible work arrangements and family friendly work practices to support and maintain an inclusive, diverse, respectful adaptive, workforce.
Drive Continuous HSW Improvement Commitment 	Support continual health, safety and wellbeing improvement by: - improving the suitability and effectiveness of the OHS Management System through regular monitoring and review of policies and procedures - establishing and monitoring progress towards measurable objectives and targets aimed at reducing work-related injury and ill health and improving safety performance - using data to provide an evidence-based approach for setting the Department's strategic direction and identifying measurable objectives and targets - allocating adequate resources to efficiently integrate and maintain the OHS Management System to comply with relevant legal and compliance obligations.
Building Capability Commitment 	Support building capability by: - embedding individual health, safety, and wellbeing accountabilities for all employees across the Department - embedding legislative and Department health and safety requirements in all policies and procedures - increasing awareness and improving utilisation of the safety supports and resources available - providing access to transparent and robust health, safety and wellbeing information, training, instruction, and documentation - strengthening leadership capability by improving understanding of applying and implementing health, safety and wellbeing supports and resources available.
Risk Management Commitment 	Support the prevention of workplace injuries and ill health by: - strengthening systems of work for identifying, assessing, controlling, monitoring, and reviewing hazards and associated risks arising from task / workplace activities - proactively aiming to identify hazards and eliminate (if not possible, minimise) risks, in the workplace by implementing controls in a timely manner - promoting and improving the reporting of incidents, near misses, injuries and hazards and investigating where appropriate, to prevent reoccurrence - providing an OHS Management System that is flexible and adaptable to the risk profile of Department workplaces - implementing risk controls to achieve improved mental health and wellbeing outcomes and reduce psychosocial hazards in the workplace.

The Department employees, visitors, volunteers and contractors are required to take reasonable care for their own health, safety and wellbeing and others that may be affected by their actions or omissions. These parties will cooperate with the Department in adhering to health and safety requirements including following the Department's policies, procedures and/or instructions and participating in consultation and training.

The Department's OHS Management System sets out how this policy is to be implemented.

Site specific hazards

Asbestos

All schools are expected to have a Schools Asbestos Management Plan in the event of the discovery of suspected asbestos containing material (ACM) or the accidental disturbance of existing ACM.

If ACM has been identified in the school, the following process must be followed prior to the commencement of works:

- Asbestos Register MUST be checked at the time of sign-in when the proposed work involves drilling, scraping, sanding, sawing or any other destructive process.
- if work is to be carried out in the vicinity of Asbestos Containing Material, the Asbestos Coordinator Julie Stephens or Patricia Santalucia (9376 6013) must be consulted prior to the commencement of work.
- asbestos containing material may only be removed by a licensed removalist.

Hazardous Substances and Dangerous Goods

If transporting hazardous substances or dangerous goods onto site, the Workplace Manager/ Management OHS Nominee must be informed. You must complete a Safe Work Method Statement or equivalent to outline the controls methods you will use to ensure that the risks of the hazardous substances and/or dangerous goods are managed.

Such controls may include, but are not limited to:

- the provision of Safety Data Sheets (SDS)
- correct labelling of containers
- correct storing and handling of containers
- correct disposal of any waste
- provision of Personal Protective Equipment.

Animals/Wildlife

There is the potential to come into contact with domestic animals and wildlife while on this site. Should this occur you must:

- do not approach any domestic animals (e.g. dogs) or dangerous wildlife
- report the sighting of any domestic animals or dangerous wildlife to the Workplace Manager, the Management OHS Nominee.
- do not reach into any holes or gaps in the buildings without first checking to see if it is safe.

Emergency Management

Workplace Codes

- In the event of a lockdown, the following announcement will be made:
“Our guests have arrived – please ensure your grade is prepared”.
- This is the code that the school is in “lock down”.
- Lock internal doors and windows, close blinds, take shelter and account for all students. Advise Office by phone if students are missing/at toilets/specialist classes.
- Once the staff member has acknowledged that they have actioned the lock down procedures they must press the **Lock Down** button, labelled red and is sixth button on the top row on all phones.
- Once this is pressed, it will notify the reception phone through a flashing light that the staff member has actioned lock down.

Emergency Procedures

On hearing the alarm:

- switch off all equipment
- proceed to the advised assembly area
- report to one of the wardens
- do not leave the assembly area until advised.

Leaving Site in an Emergency

All volunteers are required to proceed to the evacuation point and remain there until given clearance to leave by the Incident Controller or Workplace Manager.

Evacuation Point

The safe areas for evacuation are

- Basketball court bordering the playground – Epsom Road end;
- Inside the hall; or
- Otherwise as directed.

Refer to Evacuation Map (Appendix A).
